Project:

Barholm Woodland Expansion, Dumfries & Galloway

Title:

Consultation Map: Design Amendments (North West)

Legend

- Property boundary
- Self-closing gate for multi-use recreational access
- Core Path
- Proposed route of road
- Informal Walking Routes

Fencing proposals

- Deer fence (existing or new)
- Stock fence (existing, stone dyke or new)

Draft Woodland Species Composition

- Sitka spruce
- Norway spruce
- Norway spruce with Mixed broadleaves (Sycamore and Birch)
- Mixed woodland (Douglas fir, Norway spruce, Coast redwood, Silver birch, Wild cherry)
- Scots pine, Norway spruce and Mixed broadleaves (Birch and Oak)
- Mixed broadleaves (Oak, Birch, Wild cherry, and Aspen)
- Native broadleaves based on National Vegetation Classification (NVC) W11
- Native broadleaves based on NVC W4/W7
- Open ground
- Existing woodland

The buffer of native woodland along the edge of Balloch Wood has been extended from 30-50 m to 40-100 m.
Two areas of Scots pine / Native broadleaves have been proposed on better soils to provide visual diversity as viewed from Balloch Wood and provide further buffering from areas of Sitka spruce. These areas **will not** contain Norway spruce.
A gate will be proposed to facilitate access from Balloch Wood and create a walking loop connecting through the wider area once location has been agreed.

(1) Geospatial data and information displayed on this plan are reproduced directly from digital and/or scanned material, compiled from various sources which may use different scales. Therefore, minor discrepancies between datasets and/or basemaps might present on this plan. Text labels and annotation are provided if further explanation is necessary.
(2) This plan should be used for display and identification purposes only - unless stated in the accompanying project grant application or permission documentation.
